NOMINEE

Il German Design Council (Rat für Formgebung) è stata fondata per iniziativa del Parlamento federale tedesco nel 1953 per rispondere al bisogno crescente del mondo delle imprese per informazioni sulla progettazione. Oggi, il German Design Council è uno dei centri di competenza leader nel mondo per la comunicazione e il know-how nel campo del design. Con i concorsi, mostre, conferenze, consulenze, ricerche e pubblicazioni, offrendo nuove prospettive per i rappresentanti delle imprese e delle discipline del design.

The German Design Council (Rat für Formgebung) was founded as an initiative of the German Federal Parliement in 1953 to meet the growing need of the buisness world for information about design. Today, the German Design Council is one of the world's leading competence centres for communication and konw-how transfer in the design field. With competitions, exhibitions, conferences, consulting, research and publications, we offer new perspectives for representatives of business and design disciplines.

## Red Dot Design Award

Con più di 11.000 partecipazioni provenienti da 61 Paesi il premio internazionale "Red Dot Design Award" è il più grande e più celebre concorso di progettazione in tutto il mondo.
Ogni anno una giuria internazionale valuta e vaglia i prodotti presentati in base a criteri quali il grado di innovazione, funzionalità e la qualità formale. Il premio è un sigillo di qualità riconosciuto a livello internazionale,è sinonimo di appartenenza al meglio nella progettazione e delle imprese. Tutti i prodotti premiati vengono inclusi ed esposti nel Red Dot Design Museum di Essen in Germania.

With over 11,000 participants from 61 different countries, the international "Red Dot Design Award" is the largest and most famous design contest in the world.
Each year, an international jury evaluates and judges the products presented on the basis of criteria such as level of innovation, functionality and formal quality. The Award is a internationally recognised mark of quality that gives the winner a sort of membership in an elite group of the best companies and the best designs.
All winning products are displayed in the Red Dot Design Museum in Essen, Germany.

## CORE

Core maniglia:
Questo progetto in DuPont™ Corian® non si adatta a semplice inserto materico ma è stato utilizzato per costruire l'intera maniglia. Forma e lavorazione sono state concepite per valorizzare al massimo la capacità del materiale di creare superfici di aspetto monolitico.
CORE Line:
This DuPont™ project in Corian® material is not a simple insert but is the entire handle. The form and the working are designed to advantage of the material's ability to create monolithic surface appearance.

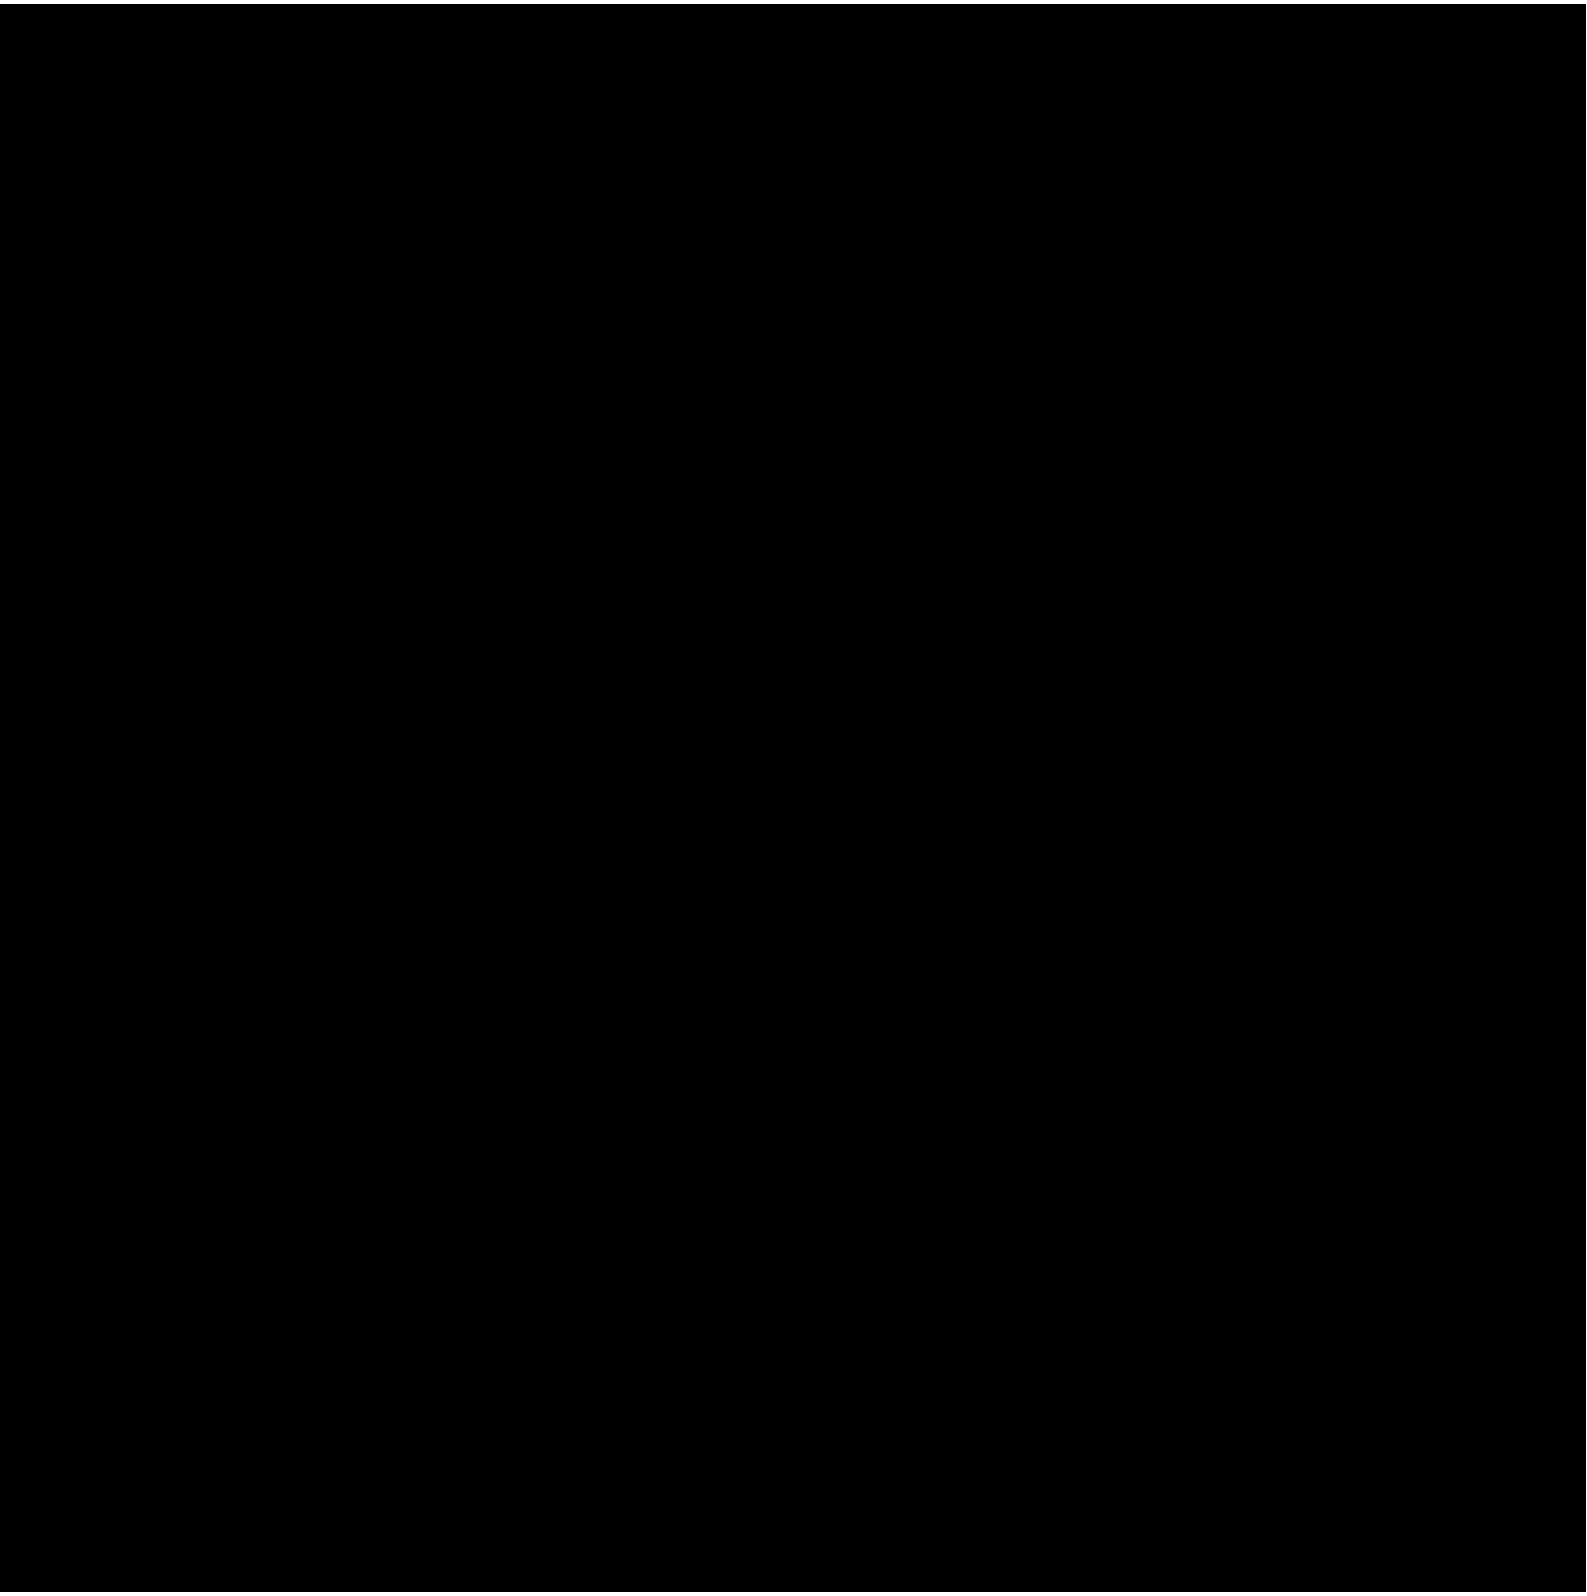

Linea Abe:
Combinazione ideale tra innovazione stilistica e soluzioni tecniche d'avanguardia.
Abe Line:
Ideal combination of stylistic innovation and trendy technical solution.

Linea Qbe:
Sintesi di design ed innovazione, perfetto equilibrio estetico adatto agli ambienti più raffinati ed evoluti.
Qbe Line:
Summari of design and innovation, a perfect aesthetic balance suitable for elegant and evolutionary setting.

Linea Dbe:
racchiude in sè una variegata proposta di stili, con lo scopo di soddisfare le diverse richieste nel design di interni.
Dbe Line:
Embodies a diverse style proposals. The aim is to satisfy the various requests for interior design.

Linea Historia:
Dalla scuola Bauhaus, nasce la linea maniglie Historia che riprende la stessa filosofia che aveva animato i progetti di questi architetti: semplicità, design, praticità.
Historia Line:
Born this line of handles is reproducing the same philosophy that had inspired the architects' drawings of the Bauhaus school.

Linea Ibe:
E' una linea dedicata e realizzata in Acciaio INOX.
Ibe Line:

In ogni prodotto Mariani punta al massimo in termini di qualita, innovazione tecnica e design curandone ogni dettaglio. Tra tutti **CORE** e la punta di eccellenza, quello che esemplifica maggiormente questa ricerca. Flealizzata completamente in composite Corian® con un meccanismo ad hoc la maniglia **CORE** è un prodotto italiano di alta qualita, personalizzabile e unico nel panorama della maniglieria.

Mariani's objective is to produce high quality, technical innovation and design taking care of every detail. Among all **CORE** is the major example of this research. Core is as Italian product of high quality in DuPont™ Corian®, with ad hoc mechanism and customizable.

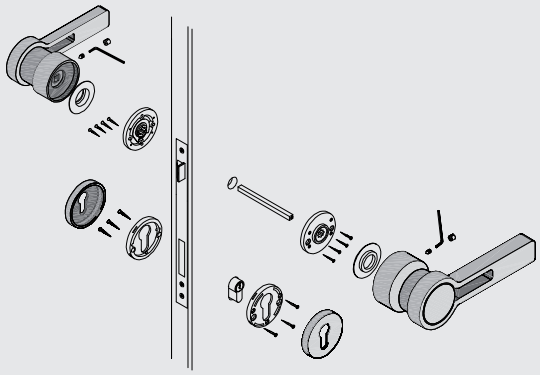

**Perchè Corian®** Questo materiale, simbolo di funzionalità ed eleganza, viene utilizzato in molti progetti di alto design grazie alle sue caratteristiche tecniche:
**Igienico** Corian® è un materiale non poroso, igienico e non favorisce la crescita di batteri o funghi. Corian® è stato certificato quale materiale igienico ai sensi della norma intemazionale DIN EN ISO 846.
**Non tossico** Corian® è un materiale inerte e non tossico. Grazie a queste ed altre caratteristiche Corian® viene utilizzato ampiamente in spazi pubblici e privati.
**Riparabile** La superficie di Corian® è ripristinabile e può essere rinnovata con detersivo comune in polvere e una spugnetta abrasiva.
Anche danni più gravi provocati da un uso improprio possono normalmente essere eliminati.

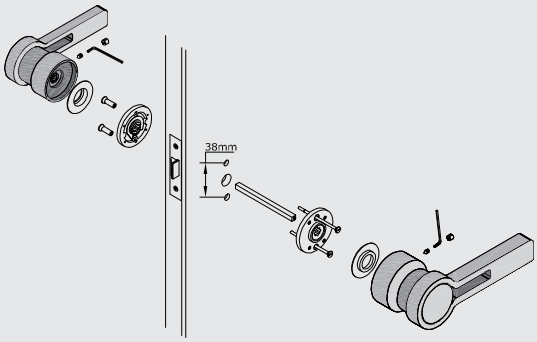

**WHY Corian®** This material, being functional and elegant, is used for many projects thanks to its technical characteristics:
**Hygienic** DuPont™ Corian® is a non porous material, hygienic and does not allow the growth of germs or fungus. DuPont™ Corian® has been certificaded as hygienic material according to the international norm DIN EN ISO 846.
**Not toxic** DuPont™ Corian® is inert and not toxic. Thanks to this and other characteristics DuPont™ Corian® is widely used in public and private spaces.
**Repairable** The surface of DuPont™ Corian® is restorable and can be renewed with common detergents in powder and an abrasive sponge. Even damage caused by improper use can normally be eliminated.
